1. M/s. London Star Diamond Co. (India) Pvt. Ltd. — Party II

Workmen/Party I represented by Adv. Mario Pinto Almeida.

Employer/Party II represented by Shri R. F. A. D'Souza, Labour Advisor.

Panaji, Dated: 16-4-1984

AWARD

This is a reference made to this Tribunal by the Govt. of Goa, Daman & Diu, by its Order No. 28/6/83-ILD dated 11-5-1983. The Schedule annexed to the Order of Reference reads as follows:

"Whether the action of the Managements of M/s. London Star Diamond Company (India) Private Limited, Corlim, Ilhas-Goa, in declaring a lock out w.e.f. 19-10-1982 at their factory located at Corlim Industrial Estate, was illegal?

If so, to what relief the workmen are entitled to?"

2. The Union, in its statement of claim, after tracing the history of the employer company from the year 1978 when the Company first started its business of cutting and polishing diamonds with 40 workers at Corlim Industrial Estate in a shed belonging to the E.D.C. at Corlim Industrial Estate till its shifting to the New Structure where, at present, it functions with about 75 workmen, has stated that the letters of appointment were issued to the workers for the first time in the year 1981, after the transfer of the industry to the New Structure, inspite of the fact that there were many workers who had started working prior to that year. The Management had engineered the Union of the workers, which the workers dissolved and formed another Union on 21-2-1982; the employer was informed of the formation of this Union by letter dated 22-2-1982. Immediately thereafter, the Management started harassing the workers and the harassment went to the extent of even reducing their wages; the wages were not fixed but determined on the basis of piece rate. After the formation of the Union, the Management slashed down to half the piece rate wage which forced the employees to put in double the work for getting the minimum fixed wage. On 23-3-1982, the President of the Union brought to the notice of the Management and of the Labour Commissioner the above facts; on 16-6-1982 the Union submitted the Charter of Demands; then the Management started various ways of harassment such as tendering false and fabricated charge sheets to the workers and specially to the active members of the Union, filing false and fabricated criminal cases against them etc. and, thereafter, started giving very few pieces of diamonds to the workers to work upon in order to pressurise the workers, on one hand, and to claim that there was paucity of work, on the other hand. Finally, kept out the employees by declaring a lock out, which was illegal and unjustified, since there were no conditions for a lockout. Contrary to what is alleged by the Management, there was no sit in strike and, consequently, there was no call made by the Management to call off the strike. It is the Management who did not give work to the employees without any reason or cause. The allegations of the company that on 18-10-1982, 6 diamonds entrusted to some workers in the Sawn Section were found missing is false. It is also false that the Manager and the Supervisor were harassed and obstructed when they left the factory at close of work. All other allegations made by the Management regarding threats to the Security staff, meetings at the factory gates, acts of indiscipline and disorderly behaviour inside the factory are also denied as false.

It is submitted that the lock out being illegal and unjustified in the absence of the conditions set out in the Act, the workers are entitled to their full wages for the days they were not allowed to work by the Management.

3. The employer, in its written statement, has stated in short as follows:

The factory was established in July 1978 as a training cell; regular production unit was started from 1-4-1981 in the present premises where about 87 workers on an average

are employed. On 15-10-1982, from about 1.00 p.m., the workmen of a section of the factory viz. Makeable Section, numbering 73 resorted to a lightning sit in strike without any notice or giving any reason to the Management, and, despite two notices and oral requests from the Management appealing to them to call off the strike and resume normal work, the said workmen continued with the strike in defiance of the Management's appeals. It was further found on 18-10-1982, that six diamonds entrusted to two workers in another section of the factory viz. Sawn Section were found missing, thereby causing considerable loss to the Company. It was also found that the Manager and the Supervisory staff of the factory were being harassed and obstructed in the factory, especially when leaving the factory at close of work. Even the Security staff were threatened with dire consequences if they continued to discharge their duties. Meetings were being held outside the factory gate, the speakers making threatening speeches against the Manager and the Supervisory staff of the factory. The workmen were also resorting to acts of indiscipline and disorderly behaviour inside the factory making it thereby risky and impossible to carry out the normal work of the factory, specially considering the costly and expensive raw material viz. diamonds. In the circumstances, the Management of the factory had no alternative but to declare a lock-out in the factory from 19th October, 1982, by its notice dated 19th October, 1982. Even after the lock-out was declared, the workmen camped outside the factory gate and started harassing and threatening the Security staff of the factory from carrying out their duties of guarding of the factory property. They also prevented the canteen contractor from entering the factory premises to go to the factory canteen, though he assured them that he was only going to take out perishable items of food, like milk, fish and soaked cereals which were lying in the canteen and would get spoilt if he did not remove them and these food items ultimately got spoilt. They even stoned the factory building thereby breaking window panes and putting the factory to loss. Even the telephone connections of the factory were disconnected by cutting the telephone wires from outside the factory and even prevented the personnel of the Telephone Department from restoring the telephone lines when this personnel went to the factory site to do so. Police complaints were lodged by the Factory Contractor and the Security staff and also the company for all these acts of violence and threats and for restraining the authorised persons from entering the factory. The company was ultimately compelled to file a suit against the Union and the workmen in this connection and even obtained an injunction from the Court of the Civil Judge, Senior Division, Panaji, restraining the Union and the workmen from carrying on such activities.

The lightning sit in strike resorted to from the afternoon of 15-10-1982 without any notice to the Management was apparently due to the suspension of one of the workmen for refusing to carry out his normal duties on that morning. The lock-out was subsequently lifted with effect from 9-4-1983 following a Settlement with the workmen represented by the Goa Trade and Commercial Workers' Union on 30-3-1983. Under one of the clauses of the Settlement, the Management agreed to lift the suspension of the said workman and drop the enquiry instituted against him in view of a written regret letter given by the said workman to the Management for his act of refusing to do his normal duty for which he was suspended and charge-sheeted and undertaking to do the said work. Also, under clause 1 of this Settlement, the Union/Workmen assured the Employer of discipline, co-operation, restoration of normalcy and to maximize production.

The only issue before the Tribunal as per the order of reference is as to whether the lock out declared with effect from 19-10-1982 is illegal. The lock out is illegal only if it contravenes Section 23 and 24 of the Act. The industry in which the company is engaged is not a public utility service nor were there any conciliation proceedings before the authority, neither any proceedings before the Labour Court, Tribunal or any Arbitrator. There was also no contravention of any settlement or Award. In the circumstances, the lock out declared was not in contravention of any law including the Act. It is further submitted that the lock-out was declared out of necessity, as the workmen had resorted to a sit in strike and the working of the factory was not only made impossible but also risky as mentioned in the notice of lock-out.

4. The Union did not file any rejoinder.

As there were no other issues to be framed beyond those involved in the Order of Reference, date was fixed for filing

list of evidence. Only the employer filed its list. On the date fixed for the evidence, only the employer with its witnesses remained present. The Union and the workmen remained absent and the case proceeded ex-parte regarding them. The employer led the evidence of the factory Manager Shri K. C. Mohan, who produced various exhibits. Thereafter, the Ld. Rep. of the employer advanced his oral arguments, and now the case is before me for passing the Award.

5. The issue of lock out, as it appears in the Order of Reference, puts the burden of proving its illegality on the Union since it was the Union who had challenged the lock out as illegal. The Union, however, not only did not lead any evidence on the said issue but even remained absent at the time of the hearing and so proceedings went ex-parte regarding it. The employer led the evidence of the factory Manager Shri K. C. Mohan, who, in his statement before the Tribunal, narrated all the facts as detailed in the written statement of the employer which led the employers to the declaration of the lock out, and supported the same with the production of necessary documents. This statement has gone unchallenged for want of cross examination.

6. From the said statement it is shown that with the sit-in strike started by the workers, followed by their disorderly behaviour inside the premises of the factory and threats to the Manager, Supervisory and even to the Security staff, it was impossible for the Management to run the factory under such circumstances. It is to be noted that the factory deals with diamonds and each diamond is sometimes worth thousands of rupees and the employer could not run the risk of losing more diamonds since 6 diamonds were already found missing from the Sawn Section on 18-10-1982. The declaration of lock out by the employer is, therefore, fully justified.

7. Besides being justified, it is also legal because the employer has stated that the industry in question is not a Public Utility Service, nor were there any conciliation proceedings, nor was it in contravention of any settlement or award which are the conditions laid down by Section 23 and 24 of the Act for the lock out to be considered as illegal. This portion of the statement of the employer has also gone unchallenged for want of cross examination.

8. In the premises above, I answer to the reference by passing the following order:

ORDER

The lock out declared by the employer w.e.f. 19-10-1982 at their factory located at Corlim Industrial Estate is Legal. In the circumstances of the case, I leave each party to bear its own costs.
